

Put Life Back in Your Life

Living Well in Idaho

This **FREE** 6-week interactive workshop is for **anyone with at least one chronic health issue**, including:

diabetes, heart disease, hypertension, asthma, lung disease, arthritis, stroke, anxiety, depression and more.

Puts tools in your toolbox so you can take a major role in actively managing your own health! Make goals, form an action plan, learn great strategies for managing your condition—and more.
