

## Who We Are

Elmore Medical Center volunteers are community members who use their time and talents to assist hospital and nursing home staff with non-clinical activities.

Each volunteer is unique, and we do our best to ensure all are placed in positions that maximize their interests and skills.

Numerous opportunities are available, including ER Angels, assisting with activities and snacks on our Long Term Care Unit, and performing light administrative tasks.

Volunteers of all ages are welcome!

If you would like to volunteer or want more information, please complete the information form and our Volunteer Coordinator will contact you.

## Volunteer Program

We donate our time and talents to enhance *your* healthcare

## Volunteer Opportunities

If an activity you're interested in isn't listed, please contact our Volunteer Coordinator. We have many more volunteer opportunities!

### Long Term Care

- Activities and crafts
- Seasonal celebrations
  - Decorating
  - Gardening
- Visiting with residents
- Reading to residents

### Youth Volunteers

- Administrative duties
- Seasonal projects
- Long Term Care Unit activities
- Visiting with hospital patients and residents

The Emergency Room (ER) Angels serve as a communication liaison between the families of Emergency Department patients and the ER staff. Volunteer duties include providing updates for those who are waiting for a patient, and escorting patients, family members and visitors to various areas of the hospital.

All ER Angels receive specific program training for their duties. ER Angels run the volunteer desk on weekday evenings from 5-9 p.m. and on weekends.

### Community Events

Volunteers are often needed to assist with community events outside of the hospital such as our annual Children's Health Fair, the Health and Wellness Day, and EMC Auxiliary Fundraising events.

These and other community events provide a way for our volunteers to interact with community members in a fun and positive atmosphere!
